

**OCTOBER 30th, 2025**  
**JW Marriott Parq Vancouver**  
**8 AM - 4:30 PM**

**BUILT FOR BUSINESS,**  
**BACKED BY STRATEGY.**

## A New Kind of Sponsor Experience

Welcome to the next-generation sponsor showcase. At **Juno Corporate Events** we rebuilt the model from scratch: fewer vendors, higher impact, zero logistical headache, better ROI. Instead of a pointless trade show, the **2025 Vancouver Industrial Cyber Security Summit (ICSS)** delivers a curated, fully supported setting where you can demonstrate real solutions to engaged OT & cyber security professionals who are **looking for better solutions—and ready to connect**. We asked vendors what makes an event worth the time and cost—this summit is our answer.

## Why Sponsor ICSS?

### Show, Don't Pitch

- On-stage demos & expert panel discussion let you prove your value in minutes.

### Turnkey Setup

- We handle booth design, set-up, printed material, and all logistics—just bring your sales team.

### Qualified Audience

- CISOs, OT/ICS leaders, and budget holders seeking new tools and solutions to real-world problems—not swag collectors.

### Stand-Out Visibility

- Limited sponsor roster means no logo overload; every brand gets the spotlight—online, on-site, and on stage.

**2 Sponsorship Packages Starting at \$4,300 USD**

### Limited Spaces Available

If you're ready for a Sponsor experience that's built around your success, we can't wait to welcome you.
